

## Jan-Olof WINBERG

**Jan-Olof WINBERG, Dr. philos.**, received his Cand. real. in 1982 and Dr. philos. in 1990 from Biochemical Institute, Faculty of Science, University of Oslo, Norway. From 1983-1986 he was a research scholar at the Department of Genetics, The Norwegian Radium Hospital, Oslo, Norway. Between 1987 and 1993 he was a senior researcher at the Department of Medical Genetics, University Hospital of Northern Norway, Tromsø and since 1994 he is a Professor at the Department of Medical Biology, Faculty of Health Sciences, University of Tromsø, Norway. He is member of the Editorial Advisory Board of the Biochemical Journal. His research interests include biochemical and kinetic characterization of enzymes belonging to the short-chain dehydrogenase/reductase (SDR) superfamily and the matrix metalloproteinase (MMP) family, as well as the role of MMP and SDR enzymes in health and disease.
